Note that refills are not allowed for CS (only can send 0).

Since refills are not allowed, when a CS is selected there is a toggle at the top to Allow Renewals.

If toggled on, pharmacy can send a refill request but there is only the option to deny it from the Prescription Manager then provider will go to the Rx History Screen to re-send.

If toggled off, prohibits pharmacy from sending a request.

Only provider can deny/discard. MA's can't do this action for CS.

Only one controlled substance can be sent at a time and pharmacy needs to support CS, failed message will appear if the pharmacy doesn't support it.
