

MACRA 2022 Webinar

NEW Quality Measures

EZDERM

EZDERM now supports the following 11 Quality measures:

- 47: Care Plan
- 110: Preventive Care and Screening: Influenza Immunization
- 111: Pneumonia Vaccination Status for Older Adults
- 137: Melanoma: Continuity of Care Recall System
- 138: Melanoma: Coordination of Care
- 265: Biopsy Follow-Up: Communication and Care Coordination
- 410: Psoriasis: Clinical Response to Oral Systemic or Biologic Medications
- 440: Basal Cell Carcinoma (BCC)/Squamous Cell Carcinoma: Biopsy **Reporting Time**

 128: Preventive Care and Screening Body Mass Index and Follow Up Plan • 374: Closing the referral Loop: Receipt of Specialist Report 402:Tobacco Use and Help with Quitting Among Adolescents

- documentation is consistent throughout the year interested in reviewing prior!
- It's NOT required to report for new measures If you go back to document for previous visits make sure Tutorial video will be coming soon, reach out if

128: Preventive Care and Screening Body Mass Index and Follow Up Plan

- counseling 40 or higher
- 10 Points Available
- index-bmi-screening-and-follow-up-plan/

If height and weight answered under vitals, EZDERM will automatically calculate BMI and automatically answer MACRA question. User must hit "Done" to be counted in report. • Treatment Plans available under Public database: BMI counseling 25-29.9, BMI counseling 30 or higher and BMI

• Reference: <u>https://healthmonix.com/mips_quality_measure/</u> 2022-measure-128-preventive-care-and-screening-body-mass-

374: Closing the referral Loop: Receipt of Specialist Report

- "Done" to be counted in report.
- 10 Points Available

• If referral request was sent to another provider for a patient (Encounter \rightarrow Progress Note \rightarrow Exam \rightarrow Referrals) on minimum one of the patient's encounters during the performance period and result was imported via PM > Results then measure will be answered automatically. User must hit

• Reference: <u>https://healthmonix.com/mips_quality_measure/2022-</u> <u>measure-374-closing-the-referral-loop-receipt-of-specialist-report/</u>

402:Tobacco Use and Help with Quitting Among Adolescents

- 7 Points Available
- adolescents/

• Treatment plan available under public database: Tobacco cessation counseling - Patient 12-20 years old

• Reference: <u>https://healthmonix.com/mips_quality_measure/2022-</u> measure-402-tobacco-use-and-help-with-quitting-among-
